

STATEMENT OF SUBSTANCE OF INTERVIEW

Please review and enter the following remarks summarizing the interview conducted on February 3, 2009:

Applicant's undersigned representative conducted a telephonic interview with Examiner Angela Lie on February 3, 2009.

The objection to the specification was discussed. Applicant's representative informed the Examiner that the specification was amended to include subject matter of originally filed claim 8. The Examiner indicated that this should be sufficient to overcome the objection to the specification.

With respect to the 35 U.S.C. § 101 rejection, the Examiner suggested amending claim 5 to include hardware. Applicant has amended claim 5 to recite a database which Applicant believes is sufficient hardware.

The Examiner suggested amending claim 1 to clarify that the Applicant's invention "exclusively" contains data update requests. The Examiner reasoned that this aspect of the Applicant's invention is not disclosed in the cited art. Therefore, Applicant has amended claim 1 as suggested by the Examiner.

It is respectfully submitted that the instant STATEMENT OF SUBSTANCE OF INTERVIEW complies with the requirements of 37 C.F.R. §§1.2 and 1.133 and MPEP §713.04.
